Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Friday 16 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Settled and dry with frosty nights.

Today:
A frosty start for many with sunshine early on. Patchy cloud developing through the day but staying dry. Feeling pleasant in the sun and light winds. Maximum temperature 13 deg C (55 deg F).

Tonight:
Patchy cloud gradually breaking during the evening, leaving lengthy clear spells. A cold and dry night, with light winds, a fairly widespread frost and a risk of isolated fog patches. Minimum temperature -4 deg C (25 deg F).

Saturday:
Staying dry on Saturday, with sunshine for many. Some patchy cloud will develop again, more so over western areas. Feeling warm in the sun but turning cold again overnight. Maximum temperature 14 deg C (57 deg F).

Outlook for Sunday to Tuesday:
Dry with hazy spells of sunshine on Sunday. Monday starts off sunny but patchy cloud develops later. Cloudy with patchy rain on Tuesday. Nights gradually becoming milder.
